ACOUSTICS 2024

THE ACOUSTICAL SOCIETY OF NEW ZEALAND CONFERENCE

Acoustics: Reflecting on the past, innovating for the future

Ōtautahi Christchurch | 2-4 September

Join Us at ACOUSTICS 2024

Dear Acoustic Consultants,

We look forward to seeing you at the "ACOUSTICS 2024" conference in Christchurch from September 2-4, 2024. Visit us at stand 22 to discuss the latest in acoustic solutions.

Rajeev Nand, Getzner's Regional General Manager for AU/NZ, will be available to answer your questions and provide updates. Discover our range of innovative products from Getzner and AMC, with over 100 years of combined experience in acoustics and vibration control.

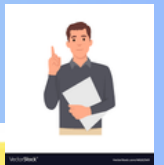

We look forward to connecting with you at our stand!

THE NEW BROCHURE ON ACOUSTIC SOLUTIONS FOR HOSPITALS

A new brochure is available, focusing on isolation solutions for hospitals. It includes options for areas like machine rooms, helpads, operating theatres, wards, and MRI rooms, all designed to reduce noise and vibrations effectively.

To access the brochure and see practical examples of how the isolation mounts can be used, simply scan the QR code provided.

What's new?

"One of our customers, Cnath Pugs, had this to say: 'Thanks so much for your help. You're the best salesperson!'"

"Ben Taylor from Rocket Lab shared: 'Thanks heaps! The graphs you provided will be very useful for our future designs. Consider adding them to your online collection'."

"Nala Thorpe from Powerhouse Management said: 'I am writing to express my sincere gratitude for the detailed quotation and the valuable assistance you provided. Your prompt and thorough response has been immensely helpful, and I truly appreciate the effort you put into ensuring all our requirements were addressed.'"

"Alan Davis from Hampton Davis said: 'Top-class service. Went out of your way to meet my need for a one-off solution.'"

"Mark Gendall from Cook Brothers said: 'Your technical expertise, timely responses, and ability to supply samples at short notice were outstanding.'"
